CHAMPIONS BADGE INSPIRATIONS- FOR RANGERS

WHAT IS BADGE-SPIRATIONS?

Badge-spirations is a newsletter put together by the Champions. Our goal is to have girls doing interest badges and be excited about doing them. This newsletter is specifically for you, Rangers.

We'd love to see any badge work you may have done, it might even get featured in a future newsletter.

WHAT ARE INTEREST BADGES?

As a member of Girlguiding in sure you know by now there are many opportunities to earn badges, in meeting's and at events ect. But did you know you can also earn them at home? Because thats exactly what interest badges are for. They are split into the 6 themes and go towards your theme awards and and your top section awards like your bronze silver and gold ranger awards.

HOW TO USE THIS PACK,

Throughout this newsletter we have used QR codes rather than links. This means whether you are looking at this on your phone or laptop, or printed it to show your unit you can find the pages we mention.

To scan a QR code you can either go onto your phone's camera app and hold it over the code and it should pick it up. You can also get QR scanner apps or even websites! Although if you have Snapchat they have a great feature where you can hold your camera over a code and hold down on the screen for it to scan. Give it a try with the code on this page.

All the codes in this newsletter take you to either the official Girlguiding page or the Girlguiding LaSER page.
