

Welcome to May-hem

We know you are so excited for May-hem and would like to know what is happening. We don't want to share too much so you can see for yourself on the 10 May but here is some information we thought you'd want to know for an adventure day at May-hem.

We have over 6000 young members, 1200 leaders and 250 volunteers all coming together to have fun at May-hem! As there are lots of us you should expect quite a bit of noise and a few queues, but we hope everyone will be understanding and the team have worked hard to reduce these where possible.

It will be held here:

Your leader can show you their website here:

<https://southofenglandeventcentre.co.uk/>

On the day your group will be assigned a colour (this is the same colour as the wristband you'll be wearing.) The colours are

Yellow	Green	Pink	Blue
--------	-------	------	------

All groups will be going around doing the same things but at different times. Here is a high-level timetable for the day, your leaders will get a copy of this on arrival.

Welcome to May-hem

We have 5 main areas on site, 4 activity zones and the arrival area.
Each zone will have someone in charge.

Arrival (Erica)	Adventure (Tamara)	Active (Tory)	Explore (Carol)	Groove (Alison)
				

There is also a map of our event on the website, why not ask your leader to show it to you?

We have 2 shops on site. Both will take cash and card payments.

The main shop will be selling small pocket money items, e.g. pens, pencils and magnets.

The Groove shop will have sweets and glowing/flashing items to help you have fun in the silent disco.

All volunteers that are making your day amazing will be in yellow hi-vis jackets, they can help if you need help, lose your leader or have any questions.

The Event team (who know lots about the day) will be in purple hi-vis jackets.

First Aiders will be in green hi-vis they can help you, if you feel poorly or get hurt – which we really hope you don't. If for any reason on the day you get separated from your group or lose something the first aiders are the first people to talk to and they can help you.

Tamsin and Katie oversee all these volunteers and the day!
